## AUDIT SUMMARY

### Results in brief

In most areas we audited, County operations complied with applicable requirements and provided adequate safeguarding of public resources. The County also complied with state laws and regulations and its own policies and procedures in the areas we examined.

However, we noted certain matters that we communicated to County management in a letter dated October 27, 2015, related to the sale of real property. We appreciate the County's commitment to resolving those matters.

### About the audit

This report contains the results of our independent accountability audit of Island County from January 1, 2014 through December 31, 2014.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the County's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Open Public Meetings Act
- Payroll
- Controls over key software applications
- District Court
- Investments
- Delinquent Tax Payment Program
- Sale of land
