PROGRAM	AGENCY	DESCRIPTION	CONTACT	PHONE
Bridge Replace/Rehab/Prev. Maintenance	Washington State Department of Transportation	Funds, through the Bridge Replacement Advisory Committee (BRAC) are available for bridge work on qualifying local agency owned bridges. HBRRP funds to replace, rehab, or to perform preventative maintenance (PM) work can be applied for by this grant program. Bridges must carry public motorized vehicles, be over 20 feet in length, and meet federal eligibility requirements described by grant papers.	Greg Kolle	(360) 705-7379
Community Facility Loan and Grant Program	USDA - Rural Development	Develop essential public facilities in rural areas and towns of less than 20,000 people. Construct, enlarge, or improve community facilities for health care, public safety, and public service.	Gene Dobry, State Loan Specialist -or- Sandi Boughton, Program Director	(360) 704-7733
Drought Emergency Water Supply	Washington State Department of Ecology	Agricultural and fisheries emergency projects to alleviate low water supply conditions in drought areas. Eligible projects: Measures to conserve water during drought or develop alternate water supplies. Examples: pumpback to main canal from return flows;	Ray Newkirk	(360) 407-6630
Emergency Relief Program	Washington State	Restore roads and bridges damaged by natural disasters. Eligible projects: Repair of any	Dennis Skewis	(360) 705-7391

PROGRAM	AGENCY	DESCRIPTION	CONTACT	PHONE
	Department of Transportation	damage to roads and bridges caused by natural disaster.		
Essential Rail Assistance Account	Washington State Department of Transportation	For rail projects which support branch lines, provide access to ports, maintain mainline capacity and preserve or restore rail corridors and infrastructure.	Ken Uznanski	(360) 705-7905
Federal Match Program	Transportation Improvement Board	Since 1996, the TIB has provided the local match on federally funded bridge replacement projects and projects awarded federal TEA-21 funds. Federal programs typically provide funding for 80-86.5 and 90% of the eligible project costs. The TIB funds for local match ensuring small cities are able to leverage all available federal funding. An eligible agency is a city or town that has a population less than five thousand. Projects must meet the threshold eligibility requirements of the Small City Arterial Program or Small City Sidewalk Program.	Greg Armstrong	(360) 586-1142
Flood Control Assistance Account Program	Washington State Department of Ecology	Develop Comprehensive Flood Control Management Plans and Flood Control Maintenance projects. Funds also available for emergency flood control maintenance work. Eligible projects: Measures to prevent or lessen damage from future floods - maintaining levee	Tim D'Acci	(360) 407-6796
Flood Mitigation Assistance	Military Department	To fund the development of comprehensive flood hazard reduction plans, provide technical assistance, and funding for projects that will flood damage reduction.	Martin Best	(253) 512-7073

PROGRAM	AGENCY	DESCRIPTION	CONTACT	PHONE
<u>Hazard Mitigation Grant Program</u>	Washington Military Department	Reduce the cost that the government incurs from natural disasters. Projects that reduce or eliminate future losses can be funded such as habitat restoration after a flood disaster; acquisition of property in the floodplain following a flood; seismic retrofits; or drainage	Martin Best	(253) 512-7073
<u>Land and Water Conservation Fund (LWCF)</u>	Washington Interagency Committee for Outdoor Recreation	Funding supports acquisition, development, and renovation of public outdoor recreation areas and facilities. Program priorities are: community based trails that serve multiple benefits; stewardship of existing sites and facilities; and the integration of low-impact nonconsumptive human activities with natural settings.	Marguerite Austin	(360) 902-3000
<u>Levee Rehabilitation</u>	U.S. Army Corp of Engineers	Repair flood control works damaged by floods. Eligible projects: Rehabilitating and restoring flood control works damaged or destroyed by floods. Technical engineering assistance also available.	Doug Weber	(206) 764-3406
<u>Rural Arterial Program (RAP) Emergency and Emergent Provisions</u>	County Road Administration Board	Special provisions in RAP to fund emergent and emergency projects outside the normal approval process, under certain conditions. Eligible projects: Grants and technical assistance for road and bridge emergencies. Must be County owned and federally classified as rural collector or rural arterial.	Randy Hart	(360) 664-3299
<u>Small City BRAC Match Program</u>	Transportation Improvement Board	The intent of the Small City Bridge Replacement Advisory Committee (BRAC) match program is to assist small cities with their required local	Greg Armstrong	(360) 586-1142

		(CCMP) for estuaries of national significance. Grants are issued only to the lead state or local agency(ies) with responsibility to develop and implement a CCMP. The Puget Sound Action Team is the primary Washington State Agency. Assistance provided: Grants, studies, monitoring, and technical assistance.
National Research Initiative Competitive Grants Program	U.S. Department of Agriculture	To support research on key problems of national and regional importance in biological, environmental, physical, and social sciences relevant to agriculture and food and the environment, including water resources assessment and protection.
Nisqually Delta Mitigation Trust	Nisqually River Basin Land Trust, Trustee	To mitigate for development of Lone Star Northwest gravel shipping in Dupont. Acquiring property, or interest in property, on undeveloped natural resource lands such as habitat areas and wetlands in the Nisqually delta and river basin.
North American Wetlands Conservation Grant	U.S. Fish and Wildlife Service Joint Venture	Restore waterfowl populations to 1970-1979 levels by the year 2000. Provides grants to projects to acquire, restore, enhance, and/or manage wetland habitats, particularly those most important for migratory birds.
Partners for Fish and Wildlife	U.S. Fish and Wildlife Service	This program focuses on re-establishing historic native communities. It offers technical and financial assistance to private landowners who wish to restore degraded or converted wetlands, riparian, stream and other critical habitats.

PROGRAM	AGENCY	DESCRIPTION
Partnerships for Wildlife	U.S. Fish and Wildlife Service	This program supports projects that conserve a diversity of fish and wildlife species, and that provide opportunity for non-consumptive public use and enjoyment of these species. Eligible activities include: scientific resource management, technical assistance
Public Involvement and Education Fund	Puget Sound Water Quality Action Team	Protect Puget Sound and raise awareness of water quality and marine resource protection. Eligible projects: Community-based water quality education and public involvement programs that raise awareness of water quality issues by engaging people in actions to protect Puget Sound.
Puget Sound Program	U.S. Fish and Wildlife Service	This bay/estuary program is designed to protect, restore and enhance fish and wildlife resources in the Puget Sound Basin. Activities are meant to complement and implement the Puget Sound Water Quality Management Plan. A watershed or ecosystem approach is used.

PROGRAM	AGENCY	DESCRIPTION
Salmon Recovery Funding Board	Office of the Interagency Committee for Outdoor Recreation	The Salmon Recovery Funding Board (SRFB) created by the 1999 Legislature, is a ten-member board. Composed of five citizens appointed by the Governor and five state agency directors, the Board brings together the experiences and viewpoints of citizens and the major state natural resource agencies. Meetings are generally held bi-monthly. All meetings are open to the public. Mission: Board supports salmon recovery by funding habitat protection and restoration projects, and related programs and activities that produce sustainable and measurable benefits for fish and their habitat. To date the Board has funded 798 projects.
Small Change for a Big Difference	King County, Department of Natural Resources and Parks	For those projects that benefit surface water and/or wastewater resources, urban or unincorporated King County wildlife habitat and/or native plant restoration in King County. Projects may include projects on streams, wetlands, lake rivers, marine waters, fish habitat, water quality and water resources.
PROGRAM	AGENCY	DESCRIPTION
State/Tribal Wetland Planning Grants	U.S. Environmental Protection Agency	Assists states and tribes to develop watershed based comprehensive land use plans and other technical tools that can be applied to integrate protection and restoration of wetlands and water resources.
Urban Reforestation and Habitat Restoration Grant	King County Department of Natural Resources	Grants are for urban reforestation or wildlife habitat restoration projects which focus on the sustainability of the larger ecosystem. Preference is for projects located in terrestrial habitat.
Washington Wildlife and Recreation Program (WWRP)	Washington Interagency Committee for Outdoor Recreation	Program funding supports acquisition and development of outdoor recreation and conservation lands. Eligible projects include local and state parks, water access sites, trails, critical habitat, natural areas, riparian habitat, urban wildlife habitat and farmlands. Some grant categories include renovation and restoration activities.
Water and Watersheds	National Science Foundation - Division of Environmental Biology	This is a joint National Science Foundation/Environmental Protection Agency special announcement competition to support interdisciplinary teams joining the physical, biological, and social sciences and engineering in research on water quality and related issues.
WaterWorks, RCPG,	King County	Grants up to \$50,000 are available for projects that protect or improve water quality, drainage, and riparian habitat.

PROGRAM	AGENCY	DESCRIPTION
NRSN Grants	Department of Natural Resources	water-dependent habitat. Funding source varies according to geography and project end use. Projects must be located in King County or South Snohomish County and provide opportunity for community stewardship.
