Data Source: Washington State Department of Ecology - Dam Safety Office;

This classification is an index of potential consequences in the downstream valley IF the dam were to fail and release the reservoir.

Class 3 - No lives at risk (Low)

Island County, WA

Dam Locations

- Class 1C - From 7 to 30 lives at risk (High)
- Class 2 - From 1 to 6 lives at risk (Significant)
- Class 3 - No lives at risk (Low)

Legend:

- Main Interstate
- Highway
- Local Road

This map shows the location of the 13 dams located in Island County, WA. The classification of dams is based on the downstream hazard class assigned to each dam by the Washington State Department of Ecology's Dam Safety Office. This classification is an index of potential consequences in the downstream valley if the dam were to fail and release the reservoir.
