This map shows the location of Tier II - Emergency & Hazardous Chemical Inventory facilities in Island County, WA. Tier II facilities are required under the Emergency Planning & Community Right-to-Know Act (EPCRA, 1986) to report the following information:
- Facility identification
- Actual, maximum, and average inventory amounts
- Chemical & product name
- Description of storage conditions
- Physical & health hazards
- Location of chemicals on site.

This information is reported each March to the State Emergency Response Commission, Local Emergency Planning Committees, and local fire departments. For more information visit: http://www.ecy.wa.gov/programs/pemhazmap/county.html
