Island County

Autism Spectrum Disorder (ASD) Resources

What is Autism? Autism, or autism spectrum disorder (ASD), refers to a broad range of conditions characterized by challenges with social skills, repetitive behaviors, speech and nonverbal communication. According to the Centers for Disease Control, [autism affects an estimated 1 in 54 children](#) in the United States today.

We know that there is not one autism but many subtypes, most influenced by a combination of genetic and environmental factors. Because autism is a spectrum disorder, each person with autism has a distinct set of strengths and challenges. The ways in which people with autism learn, think and problem-solve can range from highly skilled to severely challenged. Some people with ASD may require significant support in their daily lives, while others may need less support and, in some cases, live entirely independently.

Several factors may influence the development of autism, and it is often accompanied by sensory sensitivities and medical issues such as gastrointestinal (GI) disorders, seizures or sleep disorders, as well as mental health challenges such as anxiety, depression and attention issues.

[Signs of autism](#) usually appear by age 2 or 3. Some associated development delays can appear even earlier, and often, it can be diagnosed as early as 18 months. Research shows that early intervention leads to positive outcomes later in life for people with autism.

** In 2013, the American Psychiatric Association merged four distinct autism diagnoses into one umbrella [diagnosis of autism spectrum disorder \(ASD\)](#). They included [autistic disorder](#), [childhood disintegrative disorder](#), [pervasive developmental disorder-not otherwise specified \(PDD-NOS\)](#) and [Asperger syndrome](#).*

Data shows that as of 2018 nearly 1 out of 54 kiddos may have ASD. Boys are 4 times more likely than girls.

LEARNING ABOUT AUTISM

Autism Speaks www.autismspeaks.org(888)288-4762 (888)AUTISM2

The Autism Response Team (ART) is an information line for the autism community. Our team members are specially trained to provide personalized information and resources to people with autism and their families. Part of Autism Speaks.

- **100 Day Kit for Young Children** -Knowledge is power, particularly in the days after an autism diagnosis. The Autism Speaks 100 Day Kit helps families of children ages four and under make the best possible use of the 100 days following the diagnosis. This kit will help you learn more about autism and how to access the services that your child needs. It contains information and advice collected from trusted experts on autism and parents like you.
- The 100 Day Kit is divided into the following sections: About Autism, Diagnosis, Causes and Symptoms, You, Your Family and Autism, Getting Your Child Services, How is Autism Treated? Making It Happen, A Week by Week Plan for the Next 100 Days, Useful Forms, Glossary and Resources
- Families whose children have been diagnosed in the last 6 months may request a complimentary hard copy of the 100 Day Kit by calling 888-AUTISM2 (888-288-4762) and speaking with a member of our Autism Response Team. *Note: We are unable to ship kits internationally.
- Through a generous partnership with FedEx, after calling an Autism Response Team coordinator and providing them with your information, you can pick up a complimentary printed copy of the 100 Day Kit at a FedEx Office location near you! Purchase A 100 Day Kit
<https://www.autismspeaks.org/tool-kit/100-day-kit-young-children>

Autism Speaks has autism info available in the following languages: Arabic (العربية), Bangla (বাংলা), Bosnian (Bosanski), Cambodian (ខ្មែរ), Chinese (中国的), French (Français), Greek (ελληνικά), Haitian Creole (Kreyòl Ayisyen), Korean (한국어), Laotian (ລາວ), Portuguese (Portuguesa), Romanian (Română), Russian (русский), Serbian (српски), Somali (Af-Soomaali), Spanish (Español), and Vietnamese (Tiếng Việt)

Autism Society www.autismsociety.org(800)3-AUTISM

The Autism Society's website is one of the most visited websites on autism in the world and our on-line resource database, Autism Source, and National Contact Center (800-3-AUTISM) provide information and service referrals to thousands of people each year.

- **Washington State Department of Health Autism Guidebook** - Is very large and cumbersome but has some great ideas.
- **Live and recorded classes by Seattle Children's Hospital:**
<http://www.seattlechildrens.org/classes-community/current-class-offerings/autism-200-series>

- **South Whidbey School District**(360)221-6808 xt 2206
- **Coupeville School District**.....(360)678-2404
- **Oak Harbor School District**Ages 5-21.....(360)279-5071
(Hand in Hand) Ages3-5.....(360)279-5928

CENTERS OF EXCELLENCE Autism Diagnostic Providers

- **Pediatric Associates of Whidbey**.....Oak Harbor (360)675-5555...Freeland (360)331-1314
- **Connections Psychology**,Julie Davies (206)718-0906

AUTISM CENTERS (off island)

- **Seattle Children's Hospital Autism Center**..... (206)987-8080
Seattle Children's Autism Center provides assessment, diagnosis, treatment and support for autism spectrum disorders. We offer a range of medical and mental health services for babies, children and young adults. <https://www.seattlechildrens.org/clinics/autism-center/patient-family-resources/>
- **University of Washington Autism Center Seattle**(206)221-6806
<https://depts.washington.edu/uwautism/> Clinical Services: Diagnosis, assessment and intervention services. Research: Collaborating with Families and people with ASD to conduct research that will improve outcomes and increase understanding. Training: High quality training for community professionals, caregivers and students that interact with individuals as ASD.

IT'S AUTISM, WHAT'S NEXT?

- **What to do the First 100 Days after an Autism Diagnosis, for families of children ages 4 and under**, by Autism Speaks: <https://www.autismspeaks.org/family-services/toolkits/100-day-kit>
- **What to do the First 100 Days after and Autism Diagnosis for families of children ages 5-13**, by Autism Speaks: <https://www.autismspeaks.org/family-services/toolkits/100-day-kit>
- **Parent's Guide to Autism**, by Autism Speaks:
<https://www.autismspeaks.org/familyservices/tool-kits/family-support-tool-kits>
- **My Next Steps: A Parent's Guide to Understanding Autism**, by UW Autism Center, serves as a roadmap for parents dealing with this challenging period and seeks to provide answers to the many questions that arise during the journey from autism diagnosis to treatment. 8 videos, also available with Spanish subtitles: <http://depts.washington.edu/uwautism/resources/my-next-steps-a-parents-guide-to-understanding-autism/>
- **First Signs, Next Steps**, NAA has created the First Signs, Next Steps Toolkit to help parents who are concerned with their child's development and guide them through assessment, diagnosis and obtaining services. The toolkit is free and available at this link:
<http://nationalautismassociation.org/first-signs-next-steps/>
- Have Concerns, not sure if it is Autism? View Autism Speaks Guide, **First Concern to Action Toolkit**": <https://www.autismspeaks.org/early-access-care/first-concernaction>

FAMILY SUPPORTS AND SOCIAL GROUPS (local)

Island County Parent to Parent Coordinator Tiffany Wheeler-Thompson (360)632-7539 call/text
Coordinator Tiffany Wheeler-Thompson Support, Resources, Information & Family Networking
Opportunities for Island County Families. Parent to Parent offers, monthly newsletters, educational
workshops, social/recreational gatherings, support groups and local and regional resources. To be on the
email list, email Tiffany at t.wheeler-thompson@islandcountywa.gov Website contains monthly newsletters
and Island County Disability Resource Guide. Check out their Facebook page as well. Filled with events
resources, educational workshops, and support.
<https://www.islandcountywa.gov/Humanservices/Pages/Parent-to-Parent.aspx>

- **Coffee & Conversations** (360)632-7539 call/text
Casual drop in group to discuss the ups and downs, myths and resources of parenting a child with
special needs, no RSVP needed. You'll meet others that "get it". Not ASD specific but
conversations are usually geared towards behaviors, school, advice on raising kiddos with extra
challenges, etc. Daytime and nighttime versions offered.

SIBLING & KINSHIP EDUCATION AND SUPPORT

- **Siblings Guide to Autism**, by Autism Speaks:
https://www.autismspeaks.org/sites/default/files/a_siblings_guide_to_autism.pdf
- **Don't Forget Siblings – They Need Help Too**”, video by The Johnson Center:
<http://ariconference.com/?p=1791>
- **Sibling Support** by OAR, colorful guide workbooks and booklets for parents, autism siblings, and self-
advocates: <https://researchautism.org/how-we-help/families/sibling-support/>
- **The Sibling Experience** packet, video and info for siblings, by Sesame Street:
<http://autism.sesamestreet.org/brothers-and-sisters/>
- **Siblings of Autism** is dedicated to supporting the siblings of individuals on the autism spectrum through
scholarships, respite funds, and outreach programs: <https://siblingsofautism.org/>

IFSP Individualized Family Service Plan- Ages Birth to 3 years old

No Referrals Needed! The IFSP is a written treatment plan for Early Intervention (EI). It details your child's current levels of functioning, specific needs and goals for treatment (referred to as outcomes). The first step in writing the IFSP will be for the members of your child's team to conduct various types of assessments to identify your child's individual strengths and needs. The IFSP will include information about your child's current level of development in the following areas: Physical development, Cognitive development, Communication development, Social & emotional development, Adaptive development, Fine and gross motor skills, Vision, Hearing, etc. The IFSP is developed with input from the child's entire family, and it includes features that are designed to support the entire family. Whidbey Island: Toddler Learning Center (360)679-1039 Camano Island: Sherwood Community Services (360)629-1236

IFSP	IEP
Birth through age 3	Age 3-21
Is inclusive of the family's needs	Focuses on the child's needs
Services provided in natural environments	Services provided at school
Families are assigned a service coordinator	No service coordinator
Generally reviewed every 6 months	Generally reviewed 1x per year
IFSP Team makes decisions	IEP Team makes decisions
Governed under Part C of IDEA	Governed under Part B of IDEA

IEP Individualized Education Program- Ages 3 to 21 years old. Special Education

Approximately 143,000 eligible students in Washington State receive special education and related services. The Office of Superintendent of Public Instruction (OSPI) fulfills the requirements of the federal Individuals with Disabilities Education Act (IDEA), which ensures all children with disabilities have access to a free appropriate public education. To find your local contact information check page 5 for Child Find. <https://www.k12.wa.us/student-success/special-education>

ADVOCACY

- **Washington Autism Alliance and Advocacy** www.washingtonautismadvocacy.org/updates/
Our mission is to ensure that all children and adults with Autism Spectrum Disorders (ASD's) & other developmental disabilities (DD's) have every opportunity to thrive and become productive members of society. We do this by helping families' access ASD & DD health insurance benefits, effective services in schools, and supportive community-based services, regardless of their personal financial situation.
- **WA PAVE: (800)5-PARENT** The process of special education can feel overwhelming for parents already working hard to manage home and medical challenges. This is for parents of students ages 3-21, with known or suspected disabilities, who may have unique educational needs that require additional supports and services through an Individualized Education Program (IEP) or a Section 504 Plan.
