2000	\$168.00	\$99.25	\$177.75	\$184.75

# Secure Your Load For Safer Roads... It's The Law!

## Examples of Secured Loads

Netting, straps, rope, and bungee cord can be used to tie each large item to the vehicle. Since there is nothing in the load that can blow out, a cover is not needed.

Garbage cans are secured to the truck with a strap. Lids are secured with bungee cords.

Tarp covers the entire load and is secured with cargo netting.

## Examples of Inadequately Secured Loads

Tie downs are missing. Debris can fall or fly out of moving vehicle. Load should be covered with tarp and cargo net.

Tie downs are inadequate. Top, sides and back of load is not secure. Vehicle is overloaded. Load should be secured with straps and/or cargo net.

Debris can fall or fly out. Load should be secured to the trailer with rope, netting and/or straps.

### **Appliances:**

Include washers, dryers, metal dishwashers, water heaters, freezers, refrigerators, air conditioners, wine and water coolers.

### **Construction/Demo/Bulky:**

Includes wood/lumber, wood shingles, windows, insulation, carpet, toilets, tubs, cabinets, and bulky items such as furniture.

### **E-cycle:**

TV's, computers, monitors, laptops, tablets & eReaders are accepted free.

### **Hazardous Waste, Business:**

Is accepted by appointment only, please call 360-678-8215.

### **Hazardous Waste, Household:**

Household hazardous waste is accepted free of charge. Includes: Batteries, motor oil, paints, antifreeze, gasoline, fertilizers, pesticides, acids, bases, fluorescent bulbs, lead, PBC ballasts, propane tanks, mercury devices, etc. Notify the scale house attendant if you have household hazardous waste.

### **Municipal Solid Waste (MSW):**

Regular household garbage, includes scrap sheet rock and 3-tab shingles.

### **Oversized, Hard to Handle:**

Items that are over 6 feet such as mattresses, lumber, couches, trailers, boats, etc. Call 360-387-9696 in advance to arrange disposal of trailers or boats, you may be referred to the Coupeville facility. A title is required.

### **Yard Waste:**

Includes grass clippings, brush, and trees branches. No dirt, sod, or rock.

## **What is an unsecured load?**

An unsecured load is anything in transit that has not been fastened or attached to the vehicle. Tarps, rope, straps, netting, chains, and/or cargo bars may be used to prevent any part of the load or the covering from becoming loose, detached, or leaving the vehicle while it is moving.

## **How to secure your load**

**Tie down.** Use rope, bungee cords, netting or straps. Tie larger items directly to your vehicle.

**Lighter goes lower.** Put lighter items at the bottom of the load, and weigh them down so they don't blow out.

**Don't overload.** Keep material level with truck bed or trailer if at all possible.

**Double-check.** Always double-check your load. Ask yourself, "Would I feel safe driving behind my vehicle? If the answer is, "No," then you need to do a better job of securing your load.

## **Facts**

- Securing your load helps prevent roadside litter.
- In 2019, the Washington State Patrol investigated 154 collisions caused by unsecured vehicle loads and contacted 7,386 motorists for failing to secure their vehicles' load.
- If law enforcement observes your vehicle with an unsecured load, you can receive a citation with fines up to \$228. If your load falls out of your vehicle and injures someone you face fines up to \$5,000 plus jail time. (WSP)
