Proposal – Island County Planning & Community Development (PCD) seeks to update regulations to the County's Public Benefit Rating System (PBRs) with no change to Comprehensive Plan designation. The Board of Island County Commissioners has identified an update to 3.40 ICC as a priority and has placed it on the work plan for 2022. The update is limited to the expansion of priority resource Rural Forest Lands/Woodlots, the addition of Drainage Area to the bonus system, and an additional bonus system that incentivizes adjacent property owners.

Island County has reviewed the proposed project for probably adverse environmental impacts and expects to issue a determination of non-significance (DNS). The optional DNS process established by WAC 197-11-355 is being used. The determination is based on the following findings and conclusions:

Agencies, tribes, and the public are encouraged to review and comment on the proposed project and its probable environmental impacts. **Comments must be submitted by the date noted above to: Joshua Pitts, PO Box 5000, Coupeville, WA 98239.**

The following conditions have been identified that may be used to mitigate the adverse environmental impacts of the proposal: All Conditions from County Departments shall be adhered to by the applicant. The project is required to comply with Washington State and Island County water quality standards, Washington State and Federal laws and regulations protecting archaeological sites and resources and all other pertinent laws, rules, regulations, codes, and ordinances. Erosion and Sedimentation Control Best Management Practices shall be employed throughout any future approved development.

Required Permits: Approval by Island County Commissioners
