

[Re]connecting with our Community Through Data

Island County Public Health

Community Health Assessment

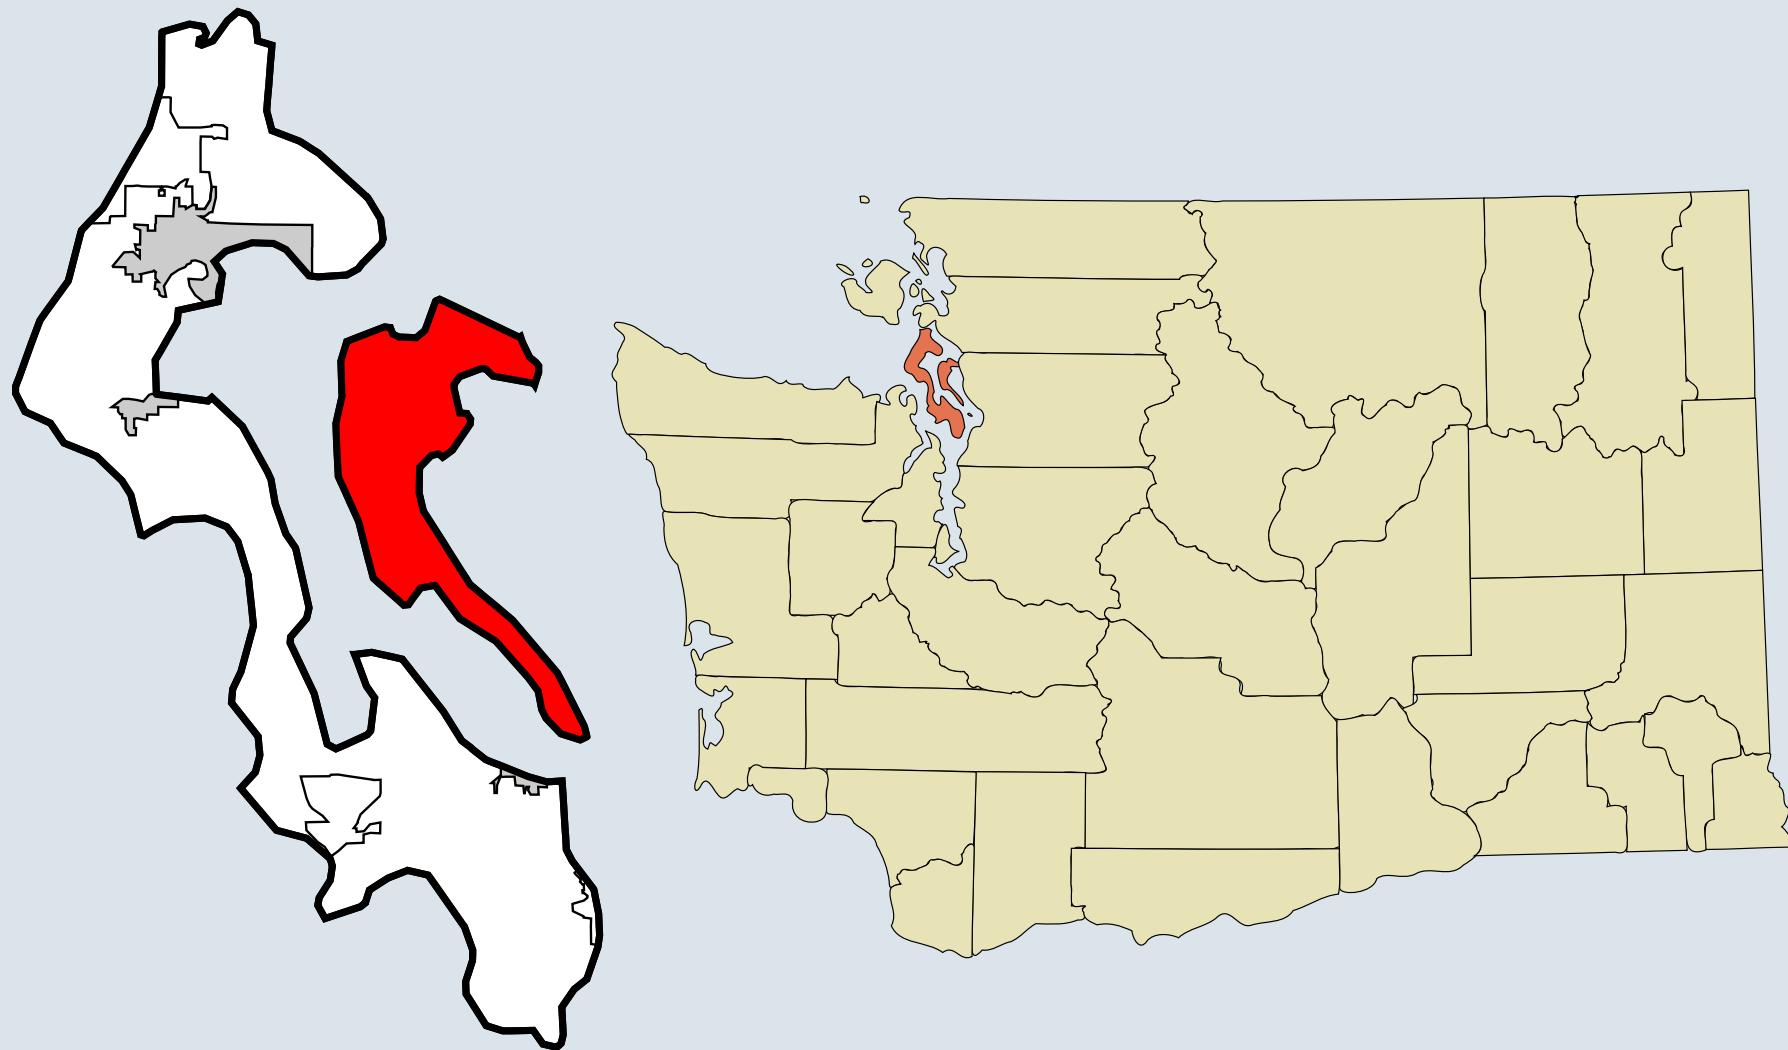

2024

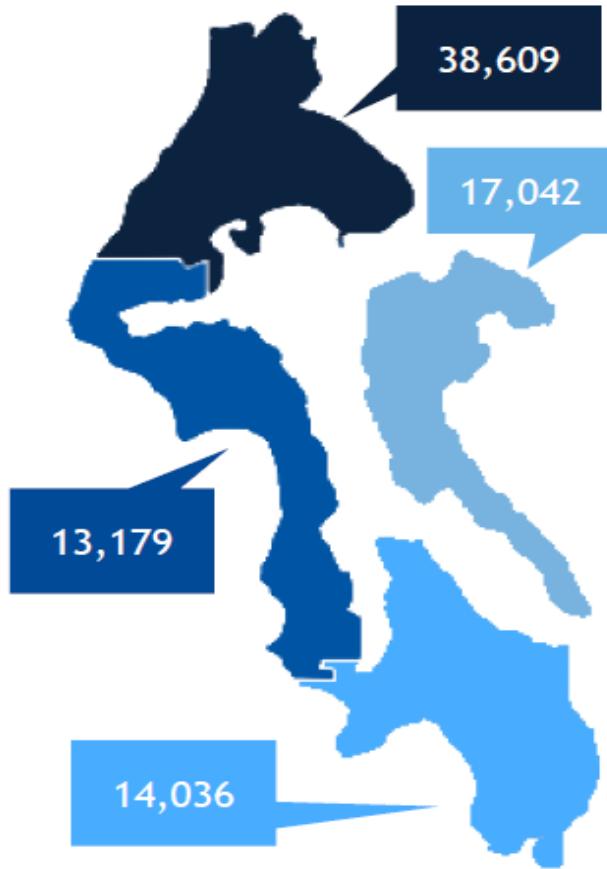

About Me

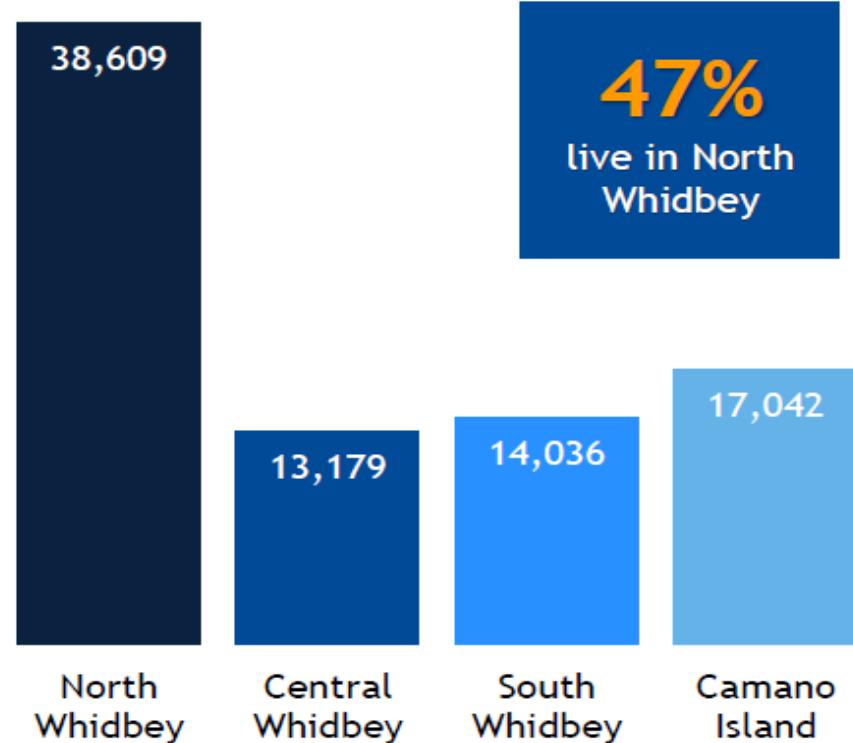

Taylor Lawson, she/her
Assessment Supervisor,
Island County Public Health

Island County

Population by CCD

Total population **87,100***
across **208 mi²**

Population density
419 people/mi²

*Washington State Office of Financial Management, November 30, 2021, official population estimates update.

Where We Started

The timeline is represented by a series of chevron-shaped arrows pointing to the right, each containing a two-year period. The first three chevrons are teal, and the last two are grey. The text in each chevron describes a specific stage or outcome for that period.

2015-2016	2016-2018	2018-2019	2020-2022	2022-2023
Community Health Assessment (CHA)	Community Health Improvement Plan (CHIP)	CHIP Workgroups were formed	COVID-19 halted all formal CHIP work, but the work didn't stop	Review of what has been done and planned next steps for CHA

How We Thought it Would Go...

July 2023 – July 2024

It Takes Time

Value the process

It's ok to make mistakes

Plan when you can

Feedback is key

Trust takes time and
time takes trust

Laying the Foundation

- Revisit & reflect
- Educate and hold space
- Visioning
- Set clear expectations

Call to Action

Building with Community

- What do we know? What do we want to know more about?
- Does this data tool reflect our community?
- Who has power and influence?
- Who hasn't been heard – now and historically?
- Who are our trusted community guides and leaders?
