What is a Comprehensive Safety Action Plan (CSAP)?

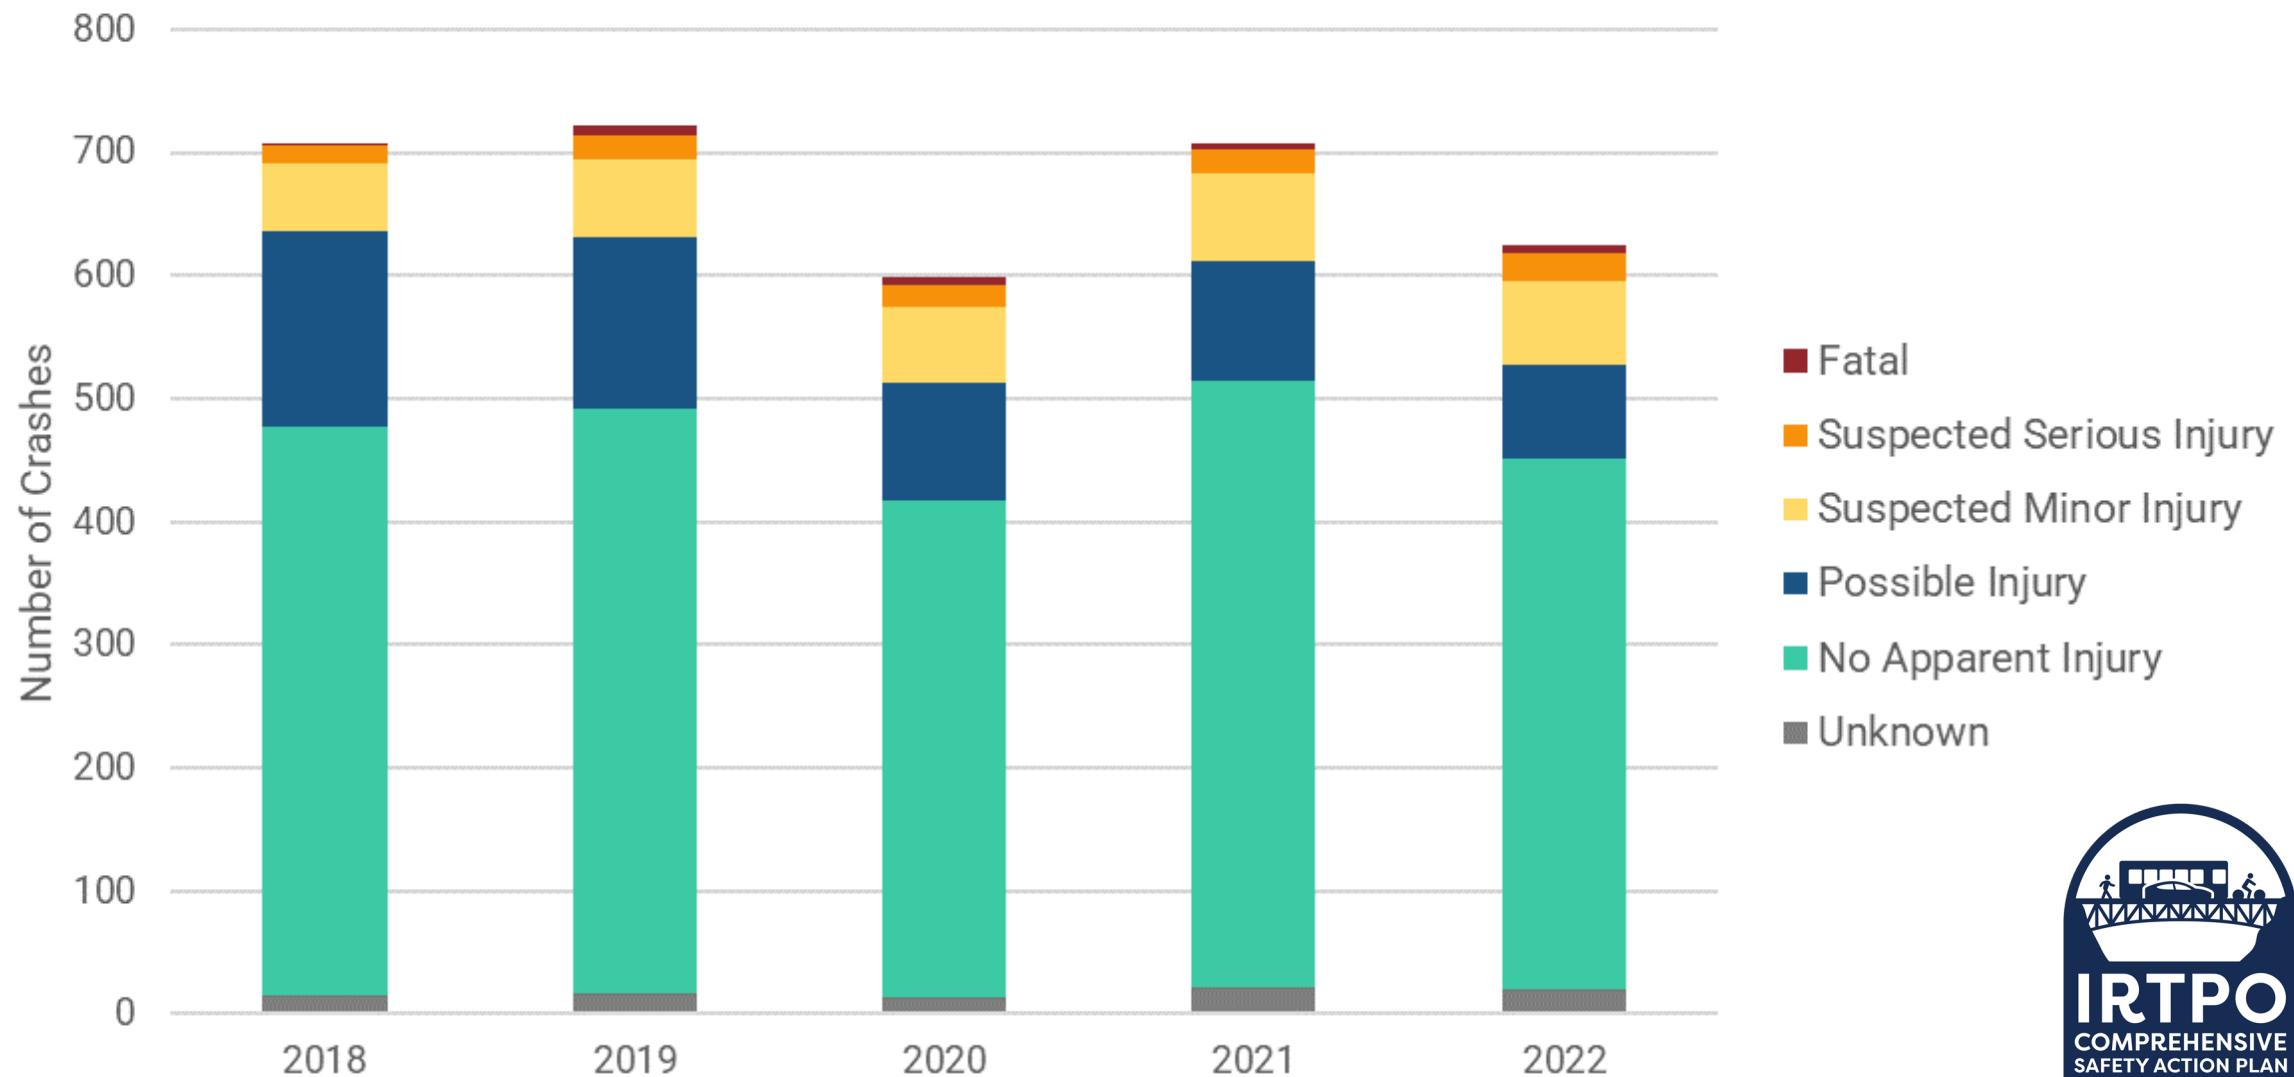

- A plan to **enhance public safety across all modes of transportation.**

What is our goal?

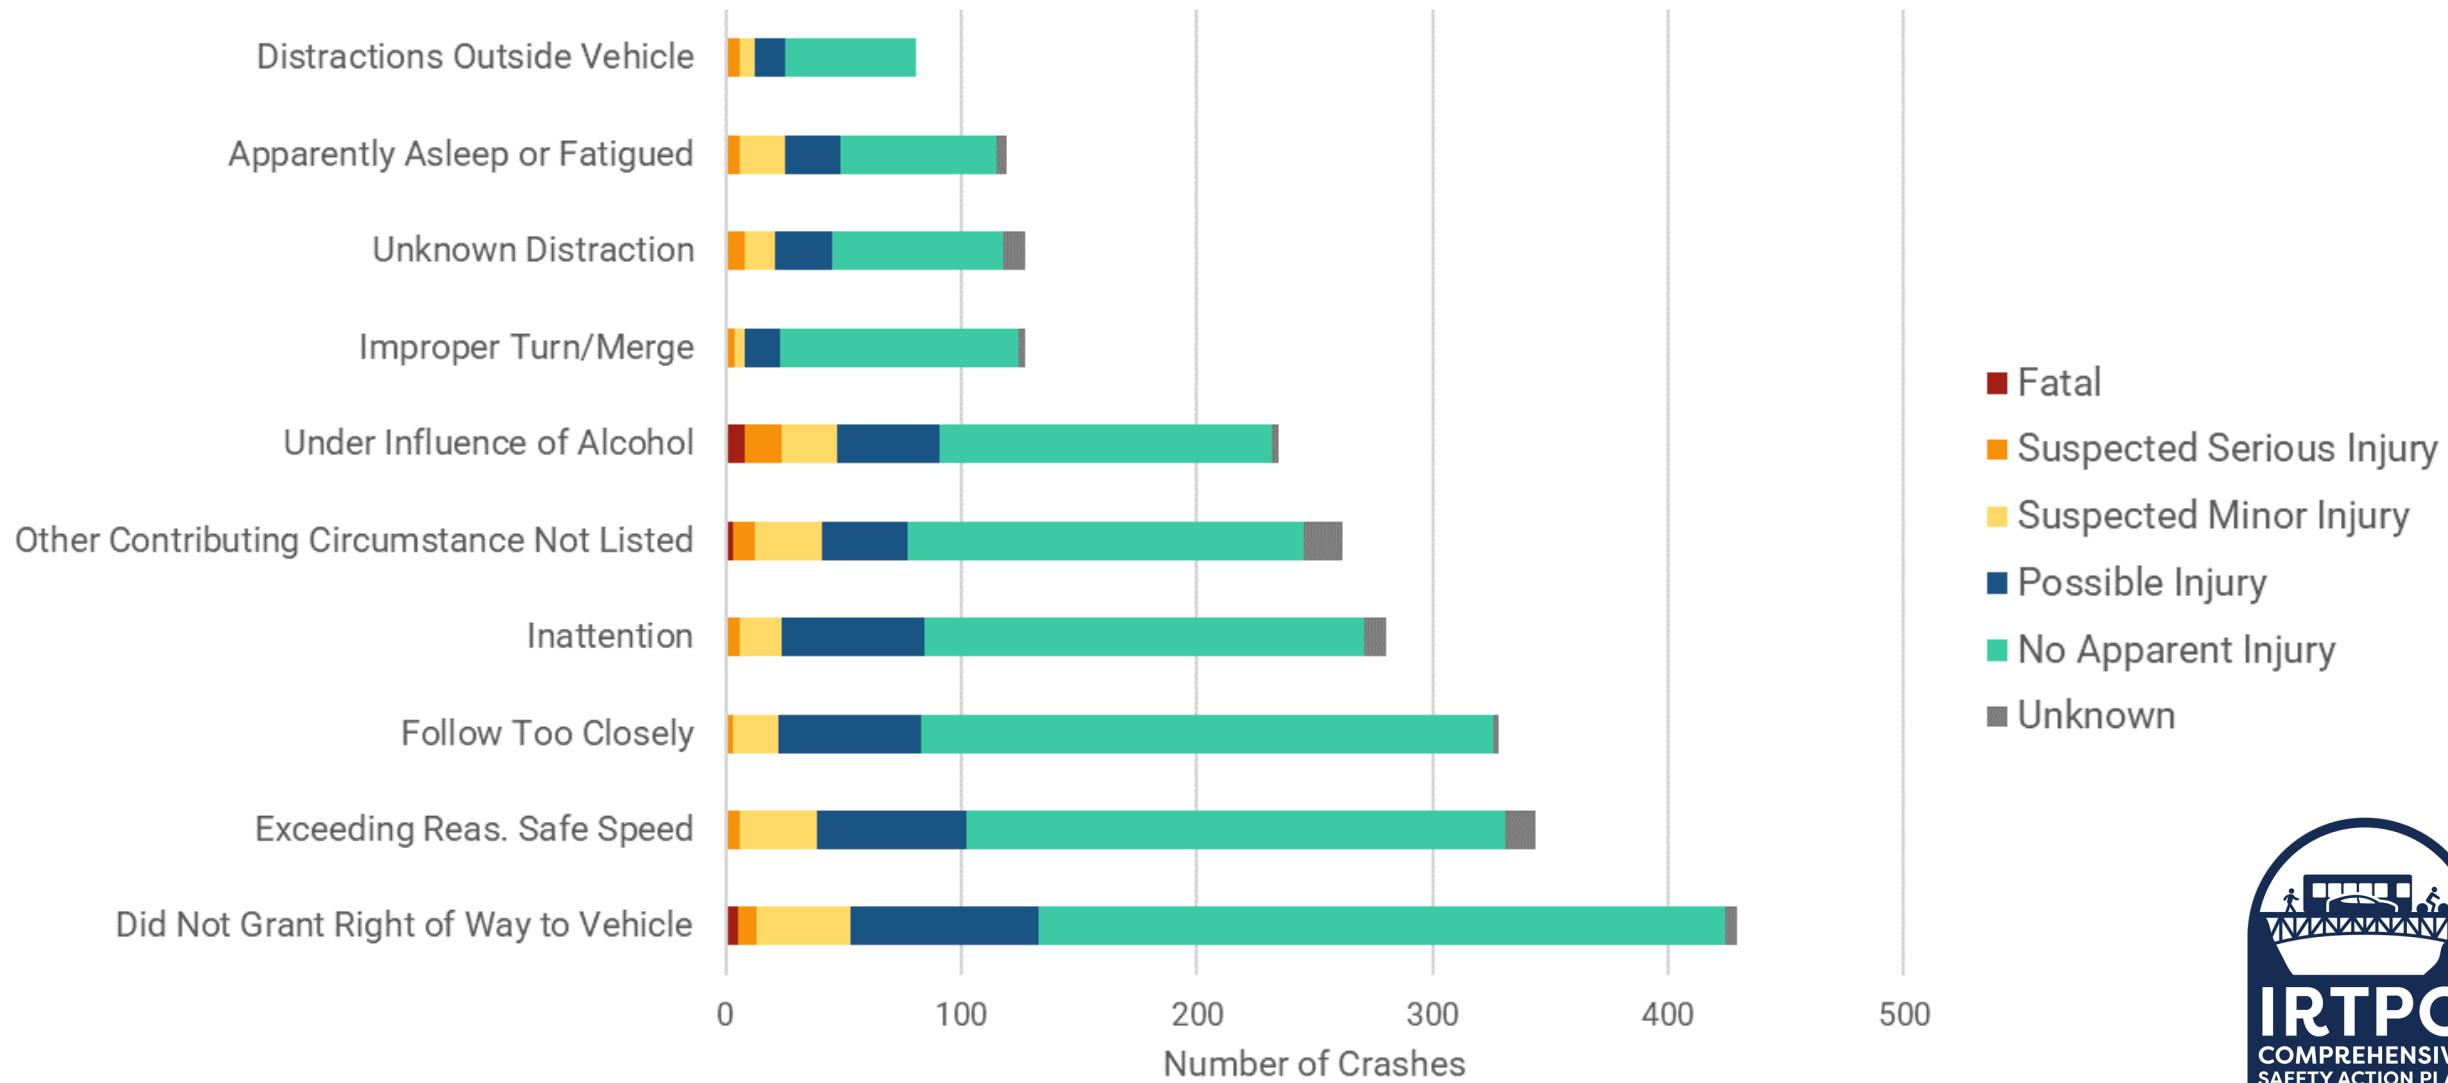

IRTPO will be committed to the goal to reduce the number of traffic deaths and serious injuries to zero by the year 2045.

Need a wider shoulder or protected bike/walkway. This section of Coles is too narrow and curvy for the existing speed limit. Sections of this road seem to be failing, cracking and sinking along the steep, east edge.

Write the CSAP

- Follow the SS4A Certification Eligibility Worksheet

Safe Streets and Roads for All SS4A Self-Certification Eligibility Worksheet

All applicants should follow the instructions in the NOFO to correctly apply for a grant. See the [SS4A website](#) for more information.

Table 1 of the SS4A NOFO describes [eight components of an Action Plan](#), which correspond to the questions in this worksheet. Applicants should use this worksheet to determine whether their existing plan(s) contains the required components to be considered an eligible Action Plan for SS4A.

This worksheet is required for all SS4A **Implementation Grant** applications and any **Planning and Demonstration Grant applications to conduct Supplemental Planning/Demonstration Activities only**. Please complete the form in its entirety, do not adjust the formatting or headings of the worksheet, and upload the completed PDF with your application.

Eligibility

An Action Plan is considered eligible for an SS4A application for an Implementation Grant or a Planning and Demonstration Grant to conduct Supplemental Planning/Demonstration Activities if the following two conditions are met:

- You can answer "YES" to Questions 3, 7, and 9 in this worksheet; and
- You can answer "YES" to at least four of the six remaining Questions, 1, 2, 4, 5, 6, and 8.

If both conditions are not met, an applicant is still eligible to apply for a Planning and Demonstration Grant to fund the creation of a new Action Plan or updates to an existing Action Plan to meet SS4A requirements.
