INSTRUCTIONS

Per RCW 76.04.600, this assessment is a fee levied on forest and unimproved lands that DNR protects from wildfire. Assessment revenues are used to purchase wildfire engines, hire and train wildfire personnel, provide forest fire detection systems, purchase wildfire equipment and provide office space and work station in various strategic locations near protected areas. If a wildfire starts, DNR is there to suppress that fire at no additional cost to you if negligence is not involved.
