PRE-APPLICATION CONFERENCE REQUEST

A **Pre-Application Conference** is a meeting scheduled with Island County staff members to discuss a potential land use development proposal before a formal application is submitted. **By providing answers to the following questions, County staff will better understand your proposal and be able to prepare for your meeting.** At the meeting, staff describes County standards, processes, and regulations that would apply to the proposal described in the conference application and the applicant has an opportunity to ask questions of County staff. Representatives from Island County Health, Engineering, Planning, and Building departments attend the meeting; application packages will be routed to appropriate outside agencies for comments or possible attendance. A meeting is scheduled after this application and associated materials are completed and submitted to the Planning and Community Development Department and is scheduled on a "first come-first serve" basis, at least three weeks after the pre-application materials are submitted.

PLEASE NOTE: The Pre-App Conference Meeting is NOT an authorization or approval of a development proposal. You must submit a separate application for any proposal and a decision must be issued prior to any site disturbance. This conference will not vest your proposal, and future permit application submittals will be subject to codes/ordinances in effect at the time of the application submittal.

Electronic Submittal Process

It is preferred for applicants to use the electronic submittal process to submit application materials. Please save all electronic files in **PDF file format**, using the following file naming procedure for submittal:

ApplicantLastName_DocumentName_DateSubmitted.pdf

Document names should be abbreviated. E.g., **Johnson_APP_091324.pdf / Johnson_SPLAN_091324.pdf**

Once all files have been saved using the naming procedure above, all files can then be submitted to: **planningdept@islandcountywa.gov** Emails over 7 MB should be sent through a file sharing application, or contact the Planning Department for an FTP sharing link. Once application materials have been reviewed by planning staff and deemed sufficient for submittal, the applicant will receive an email along with an invoice and payment instructions.

**All fees must be paid within 14 calendar days, or the application will become null and void,
cancelling the application.**

After payment is received, the applicant will receive an email communication from the assigned Planner with a scheduled date for the conference and/or any additional information that may be required.

IF APPLICANT CHOOSES IN PERSON SUBMITTAL AN APPOINTMENT IS PREFERRED
