

Island County Interpersonal Abuse Prevention Work Group

WHO ARE WE?

Community partners implementing the **Island County Community Health Improvement Plan** to reduce the likelihood and/or impact of Interpersonal abuse (IPA) among our residents.

1 in **4**

Island County 12th grade students report they have been physically hurt by an adult on purpose.

We are training Interpersonal Abuse Prevention Champions across Island County to better recognize and respond to abusive situations.

Champions learn skills to go out into their own professional or social communities and train others.

HOW CAN YOU HELP? Get Trained!

IPA Champion Training

June 15th 8am-5pm

Oak Harbor Fire Department

855 E Whidbey Ave

Snacks and Lunch Provided
