

Current testing site information and home kit unit information below

Updated 11/23/2021

Whidbey Health Medical Clinic

Whidbey Health is no longer providing any elective PCR testing, pre-procedurally or for travel. No more appointments are being scheduled.

Whidbey Health will continue to administer PCR testing as a medical necessity for symptomatic patients at their Coupeville emergency department and walk-in clinics. They are requiring that the patient call ahead and properly disclose any symptoms.

Those in the community in need of elective PCR testing, pre-procedurally or for travel, should seek testing at a local pharmacy or with their prescribing provider.
