COVID information resources

Island County Public Health wants to make sure all community members have access to information regarding COVID and vaccines.

See below for a summary of resources that Island County is providing to the community.

Island County call center. The center is available to assist community members with questions regarding COVID-19. This is a very important link in communication with people who may not have internet. Call Center hours are Monday through Friday from 8:00 a.m. to 4:30 p.m. The number to call is 360-678-2301.

24 hour recorded information line. This pre-recorded line is available 24/7. The number to reach the line is (360) 678.5111 ext 6000.

The above resources are helpful for those that are without internet.

Steps for getting your vaccine:

1. If you are eligible, use the online tool, Vaccine Locator, to find out where you can schedule an appointment. <https://vaccinelocator.doh.wa.gov/> Enter your zip code and it will generate a list of locations with available appointments. Please note each provider has different instructions to follow for scheduling appointments.
2. To make an appointment for the vaccine and you **do not** have access to the internet, please call the Island County call center at 360-678-2301 to assist you in making that appointment.
3. A few providers, like Island Drug, have walk-in hours for seniors 65 and older. This allows the community to receive the vaccine without needing email or internet.

For information and links to priority messaging, please visit our **COVID website** at <https://www.islandcountywa.gov/Health/Pages/COVID-19.aspx> You can also find COVID case count information for Island County on the site.

For those with **Facebook or Instagram** accounts, we update messaging on these platforms daily. <https://www.facebook.com/ICPubHealth> or https://www.instagram.com/islandco_publichealth/?hl=en Local vaccine providers information is shared on both platforms.

Community Guidance is a digest that is sent via email once a week. To sign up visit Island County's webpage at <https://www.islandcountywa.gov/Health/Pages/COVID-19.aspx>, scroll to the bottom of the page to "Sign up for email updates" and enter your email address.
