Freeland Subarea Plan - View Corridors

This map is intended to be used as a GUIDE. Island County is providing this information as a general geographic representation that should not be used for precise measurements or calculations. Some of the features on this map are not accurately depicted. Any user of this map reserves all responsibility for use and agrees to hold Island County harmless for liability, damage, or loss incurred by use of this information. Specific questions should be directed to Island County's Department of Planning and Community Development.

View Sheds

This map was created for the original subarea plan, but no specific policies/regulations are attached to it. Instead, there is a view corridors approach that includes policies/regulations.

FEEDBACK

The Freeland Subarea Plan has the following statements on views:

- “Ensuring the preservation of view corridors”
- “Views of Holmes Harbor add value and contribute to Freeland’s unique Sense of Place. Consideration needs to be given to protecting and enhancing views of the harbor from both public and private realms.”
- “Protect and enhance view corridors within the public and private realms.”

View Shed Feedback

The view sheds currently do not have any regulations associated with them and any protections for those view sheds would be extremely difficult. Do the proposed view corridor provisions meet the intent of the community in protecting views? Is the view shed map not necessary?
