ADDITIONAL PERMIT CONDITIONS

1. The applicant, designated herein as the "grantee", his successors and assigns, shall have the right and authority to enter upon the right of way of the County road, street, alley, public place or structure as indicated on the front of this form, for the purpose of doing such work as applied for, and approved by the County Engineer. During the progress of the work such barriers shall be erected and maintained as may be necessary or as may be directed for the protection of the traveling public, the barriers shall be properly lighted at night.
2. The location, type of work, materials and equipment used, manner or erection or construction, safeguarding of public traffic during work or after doing same, mode of operation and manner of maintenance of project petitioned for, shall be approved by the County Engineer prior to start of work and shall be subject to the inspection of the County Engineer so as to assure proper compliance with the terms of this permit.
3. If, at the end of six (6) months after date of granting of the permit, the grantee has not completed the installation, then the rights therein conferred shall cease and terminate.
4. The grantee shall leave all roads, streets, alleys, public places and structures in as good and safe condition, in all respects, as they were before commencement of work by grantee. The party or parties to whom this permit is issued shall maintain at his or their sole expense the structure or object for which this permit is granted in a condition satisfactory to the County.
5. In case of any damage to any roads, streets, public places, structures or public property of any kind on account of said work by the grantee, he will at once repair said damage at his own sole cost and expense.
6. The County Engineer, his agents or representatives may do, order, or have done any and all work considered necessary to restore to a safe condition any street, alley, public place or structure which is in a condition dangerous to a life or property resulting from the grantee's facility or its installation as permitted herein, and upon demand the grantee shall pay to the County all costs of such work and material.
7. If at any time the County deems it advisable to widen, grade, re-grade, plank, pave, improve, alter or repair any road, street, public place or structure, the grantee upon written notice by the County Engineer, his representatives or agents, will at his own sole cost and expense, raise, lower, change, move or reconstruct such installations to conform to the plans of work contemplated or ordered by the County.
8. If, upon written notice by the County Engineer, the grantee fails to relocate any portion or all of the project as granted under this permit, the County, its agents or representatives may do any work at the cost and expense of the grantee, and all costs to remove or reconstruct same, shall be borne by the grantee.
9. All such changes, reconstruction or relocation by the grantees shall be done in such manner as will cause the least interference with any of the County's work and shall be subject to the same provisions which control an original installation. The County shall in no way be held liable for any damage to the grantee by reason of any such work by the County, its agents or representatives, or by the exercise of any rights by the County upon roads, streets, public places or structures in question. The grantee shall have twenty-four (24) hours written notice by the County Engineer or his representatives or agents of any blasting contiguous to the grantee's permit rights in order that he may protect his interests.
10. This grant is limited to the specific work, purpose and use described and is contingent upon the grantee having any necessary right of ownership, rights of way, easements or permissions to approach the county road over the property adjoining the county right of way of the location specified.
