## **Household Hazardous Waste Disposal**

If the label says

CAUTION, WARNING,

or DANGER

Please dispose of properly

**Island County's HHW Facilities:** 

- Safe & Convenient
- Free Disposal of Residential Hazardous Waste

Household Hazardous Wastes include Oil Based Paints, Solvents, Batteries, Fluorescent & HID Lamps, Spa Supplies, Lawn & Garden Products, Automotive Products, Strong Cleaners, & Hobby Chemicals. These products are often Flammable, Toxic, Corrosive, Oxidizing, and/or Environmentally Hazardous.

LARGE RESIDENTIAL LOADS of more than 10 gallons and eligible BUSINESS CHEMICALS are accepted by Appointment at the Coupeville & Camano locations only. Phone 360-679-7386.

Gasoline & Fuels

Hydraulic, Gear & Motor Oils

Road & Marine Flares

**Antifreeze** 

Fluorescent Tubes & Bulbs

Televisions, CPUs, & Monitors

Batteries

Mercury Thermometers

Oil-Based Paints, Stains, & Solvents

Aerosols

Lawn & Garden
Products

Household Cleaners

Pool & Spa Supplies

These materials <u>ARE NOT ACCEPTED</u> at the Household Hazardous Waste Collection Facility. Please see back page, <u>www.recyclewhidbey.net</u> or phone 360-679-7386 for more information.

Explosives

Ammunition

**Empty Containers** 

Latex/Acrylic Paint

**Fireworks**

Latex/Acrylic paint is non-hazardous. Check with local thrift stores for acceptance of usable latex. Thicken unwanted latex to a non-pourable consistency with kitty litter, sawdust, other absorbent material or commercially available paint hardeners before disposal as regular trash at County solid waste facilities. Latex cans with up to an inch of paint remaining may be left opened to dry.

**Tips for Transport:** Improperly packaged and transported Household Hazardous Waste is dangerous to people, pets and the environment. Please:

- Keep products away from children and pets and out of the vehicle passenger cabin. Secure lids and the load to prevent shifting and spills.
- · Keep products in labeled containers.
- NEVER MIX different products together.
- Place items in leak-proof tubs. Place leaking containers in a separate tub or bucket.
- Secure fluorescent lamps to prevent breakage and mercury release.
- Large loads of more than 30 total gallons and containers larger than 5gallons are accepted at the Coupeville and Camano sites by appointment only.

**Empty containers:** Remove lids and place in regular trash.
